SOVA HIGH HOLIDAYS FOOD DRIVE

Help JFS SOVA provide fresh and healthy food to Los Angeles families all year long.

We always strive to meet the ever-growing needs of our clients, so we are reimagining our food drives to be more effective and compassionate. For decades, traditional food drives have helped us feed thousands of people in LA, but best practices have changed and as a result, we must adapt to better serve the people who depend on us to be able to feed themselves and their families.

To better meet the needs of our clients, we have transitioned to Virtual Food Drives—raising funds to procure the types of food our clients not only want but need. We hope these efforts will allow us to provide ample amounts of healthy and fresh food options to vulnerable families throughout Los Angeles.
